HIGH IMPACT  
ZONAL EVENTS

GRAND FINALE

8th and 9th January, 2025

SRMIST, Delhi-NCR Campus, Ghaziabad

# WELCOME TO THE VANGUARD OF INNOVATION

At the IEEE High Impact Zonal Events (HIZE), we just don't showcase **the future – we create it**. Now is the time for our **GRAND FINALE** at SRM IST NCR, Delhi led by **Abhinav Gambhir, Architect at Microsoft!**

The *IEEE High Impact Zonal Events (HIZE) 2024* is an exceptional series that has sparked the creativity and innovation of India's brightest tech talent. **The Biggest Event of India**, Centered around a dynamic model of direct engagement, the Grand Finale is poised to blend cutting-edge technical sessions, hands-on applications, and exclusive networking opportunities, seamlessly connecting academia with industry.

The event will see teams associated with the **LEADERSHIP** at IEEE Computer Society, the **BIGGEST TECH** MNCs and an elite group of tech content creators.

# TIME TO BE PART OF A GLOBAL MOVEMENT!

A world-stage event where leaders, innovators, and disruptors converge. The **IEEE CS SYP HIZE** is more than a culmination of events—it's a grand assembly where visionaries stand side-by-side with IEEE in shaping the very future of technology. This event will:

## Inspire Ongoing Innovation

The Grand Finale will build on regional breakthroughs, providing a platform for ambitious ideas and scalable solutions that address global challenges

## Amplify Regional and Global Impacts

This event will unify diverse technological advancements from various regions, reinforcing IEEE's mission to bridge local needs with global solutions.

## Create Lasting Connections

Structured networking sessions will foster invaluable connections and catalyze collaborations that extend beyond the event.

## Empower Future Leaders

Skill-building activities and interactions with industry experts will equip attendees with the insights and inspiration needed to lead in technology and advance IEEE's mission.

# IEEE COMPUTER SOCIETY LEADERSHIP DELEGATION

**Jyotika Athavale**

President – IEEE CS  
Director at Synopsys

**Melissa Russell**

Executive Director  
IEEE Computer Society

**Saptarshi Ghosh**

President –IEEE CS SYP  
Design Engineer – Intel

**Shivam Abhilash**

Chair – MGA Board  
Engineering Lead – ZS

**Eric Berkowitz**

Director of Membership  
IEEE CS

# EVENT DETAILS

Location : SRMIST, Delhi-NCR Campus,  
Ghaziabad

Date : 8th-9th January 2025

Expected Attendance: 500+ industry  
leaders, engineers, researchers, and  
next-gen tech prodigies

# READY TO JOIN **BIG-TECH** **DELEGATES** WITH **IEEE CS** ?

SRM Institute of Science and Technology NCR, Delhi with IEEE **Delhi Section** is set to host the Grandest and most prized IEEE event of the nation. The **IEEE High Impact Zonal Events Grand Finale** !

The occasion is poised to be the confluence of Global Industry leaders – with leadership team of IEEE Computer Society and delegates from the leadership of Big Tech (Amazon, Google & Microsoft) set to arrive, with a recruitment summit from Microsoft tentatively scheduled.

Microsoft

Amazon

Google

# MEET THE BEST TECH INFLUENCERS

**Dhairya Gangwani**  
Founder - Dhairya Decodes

**Bharat Ahuja**  
Principal Engineer, Microsoft

**Hina Arora**  
Engineering Manager Jio

**Jitesh Tokas**  
Software Developer, Microsoft

# MEET THE BEST TECH INFLUENCERS

**Vandana Chauhan**  
Software Developer, Palo Alto

**Aakarshee Jain**  
Software Engineer, Visa

**Parikh Jain**  
Founder - ProPeers,  
Ex-Founding Member at  
Coding Ninjas, Ex- SDE @Amazon

**Piyush Sharma**  
Youtuber @TrickyMan Co-  
Founder @CourseJoiner.com,  
Digital Marketing Expert

# THE EVENTS

Unlock the world of Opportunities at the IEEE HIZ Grand Finale! Beyond celebrating groundbreaking advancements, the event will also be featuring an array of specialized sessions crafted to engage, empower, and inspire every attendee.

## Gamethon

Dive into the ultimate tournament where skill and strategy collide. Compete with elite gamers to test your reflexes, tactical prowess, and creative problem-solving ability.

## Hacka-thon

Engage with top investors, receive actionable feedback, and compete for unparalleled opportunities in a community driving tech innovation. Build innovative ideas into reality.

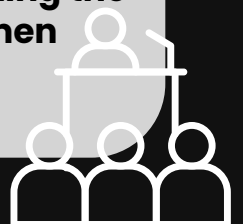

## Recruiter Summit

A distinguished forum connecting ambitious minds with top industry recruiters. Through hands-on workshops exclusive networking opportunities, participants can pave the way for their impactful careers in the tech world.

## Women Summit

A focused stage to honor and uplift women in technology. Hear from inspiring female leaders, engage in skill development workshops, and contribute to discussions addressing challenges while celebrating the achievements of women innovators.

# A CATALYST FOR GLOBAL CHANGE AND INNOVATION

In a world accelerating towards new digital frontiers, the IEEE HIZ Grand Finale is designed to drive meaningful change. Through high-impact sessions, interdisciplinary discussions, and transformative workshops, we're uniting the global tech community under one roof to achieve:

- **Real-World Problem Solving:** Our Hackathon challenges participants to create scalable, immediate solutions for pressing global issues.
- **Global Connectivity:** With attendees spanning continents, this event is a unique nexus of ideas, cultures, and opportunities, forging partnerships that will echo far beyond the event itself.
- **Entrepreneurial Development:** Through sessions tailored for startups and aspiring entrepreneurs, the event helps individuals and teams gain practical knowledge on scaling their ideas, securing funding, and achieving market impact.
- **Sustainability Focus:** Emphasizing sustainable technology, the event challenges participants to address global environmental and societal issues through responsible and ethical innovations.
- **Interactive Workshops:** Hands-on experiences in various tech domains enable participants to hone skills, build projects, and work with state-of-the-art tools and frameworks.
- **Empowerment of Future Leaders:** By igniting curiosity and fostering critical skills, we're preparing today's talent to tackle tomorrow's challenges.

# THE LEGACY

IEEE High Impact Zonal Events (HIZE) has emerged as a cornerstone of technological ambition and achievement across India, redefining what is possible through expertise, collaboration, and vision. As we approach the Grand Finale, we celebrate not just a series of events but a journey of profound purpose and impact.

## NEHU, Shillong (October 3-4, 2024)

Set against Meghalaya's breathtaking vistas, this event examined AI's role in green computing and digital ethics, setting a standard for technology's potential to shape a better, more responsible world.

## DBUU, Dehradun (September 7-8, 2024)

In the Himalayan foothills, discussions on cybersecurity, IoT, and sustainable solutions drew over 500 participants, bridging local expertise with global relevance and unlocking practical knowledge through immersive, hands-on workshops.

# THE LEGACY

## TCE, Madurai (September 13-14, 2024)

In the heart of this heritage city, the focus on AI and machine learning highlighted technology's power to uplift local communities and inspired attendees to create solutions with both local and international significance.

## Kalinga University, Raipur (November 22-23, 2024)

Our most recent event brought a renewed vigor to the IEEE mission, empowering participants with the drive to push past convention and create a world in which innovation knows no bounds.

# TIME LINE

## Day 1

### Conference Sessions I (10:15 AM - 12:30 PM)

Dive into compelling discussions on AI, cybersecurity, and sustainable tech

### Workshops I (2:30 PM - 5:30 PM)

Experts lead sessions on the Internet of Things (IoT), sustainable technologies

### Cultural Night (7:00 PM - 8:30 PM)

### Opening Ceremony (9:00 AM - 10:00 AM)

Kick off the Grand Finale with a welcome address from IEEE leaders,

### Hackathon Launch (1:30 PM - 2:30 PM)

Our renowned 24-hour Hackathon begins. Teams face real-world challenges, focusing their passion

### Networking Event (5:30 PM - 7:00 PM)

A special platform for building connections with industry leaders, potential mentors, and fellow innovators.

### Hackathon Continues (10:30 AM - 12:30 PM)

Teams finalize their solutions, pushing the limits of their skills and resilience.

### Workshops II (4:00 PM - 5:30 PM):

Final workshops provide deep insights into tech topics, solidifying knowledge and providing actionable skills.

### Conference Sessions II (9:00 AM - 10:30 AM)

The discussions continue with panels on technological advancements and the role of emerging leaders in future tech ecosystems.

### Hackathon Presentations and Judging (1:30 PM - 4:00 PM)

Participants present their solutions to an esteemed panel. This is the moment when raw talent, hard work, and innovative ideas are put to the test.

### Awards Ceremony (5:30 PM - 7:00 PM)

A grand finale to honor excellence. The IEEE CS President and dignitaries will present awards to celebrate outstanding contributions.

## Day 2

# THANK YOU, AND JOIN US TO ENVISION, & ENGINEER THE FUTURE.
