NOW THEREFORE, IN CONSIDERATION OF THE MUTUAL PROMISES SET FORTH IN THIS MOU, THE PARTIES HERETO AGREE AS FOLLOWS:

CLAUSE 1 CO-OPERATION

Both Parties are united by common interests and objectives, and they shall establish channels of communication and co-operation that will promote and advance their respective operations within the University and its related wings. The Parties shall keep each other informed of potential opportunities and shall share all information that may be relevant to secure additional opportunities for one another.

First Party and Second Party co-operation will facilitate effective utilization of the intellectual capabilities of the faculty of First Party providing significant inputs to them in developing suitable teaching / training systems, keeping in mind the needs of the industry, the Second Party.

The general terms of co-operation shall be governed by this MOU. The Parties shall cooperate with each other and shall, as promptly as is reasonably practical, enter into all relevant agreements, deeds and documents (the 'Definitive Documents') as may be required to give effect to the actions contemplated in terms of this MOU. The term of Definitive Documents shall be mutually decided between the Parties. Along with the Definitive Documents, this MOU shall represent the entire understanding as to the subject matter hereof and shall supersede any prior understanding between the Parties on the subject matter hereof.

CLAUSE 2 SCOPE OF THE MoU

The budding graduates from the institutions could play a key role in technological upgradation, innovation and competitiveness of an industry. Both parties believe that close co-operation between the two would be of major benefit to the student community to enhance their skills and knowledge.

AICTE Evaluated Trainings/Internship Courses: First Party will communicate the technology training and internship offerings of Second Party, Lagozon EduTech relevant to their university students through webinars and virtual meetings. Lagozon EduTech would offer their AICTE evaluated courses on data analytics as per MOU signed with AICTE.

- 1) Institute/EdTech Company should not make it compulsory for all the students of a college to purchase a particular product. Students should not be forced to take a paid course.
- 2) Ed-Tech Company and the institute may create awareness to all the students about the course for empowering them and creating better employability.
- 3) Institute may ask all the students to take a particular course for empowering them and creating better employability, provided the institute bears the cost of the course from their own resources, without charging any fee from the student. Also, a copy of the circular sent to all the students for this purpose should be submitted to AICTE. However, such courses cannot be complete outsourcing of a program, but add-on courses for better employability.
- 4) Institute would pay the fee of course(s) to the Ed Tech Company as per company's payment policy.
- 5) Institute/EdTech Company would provide the detailed list of students/leaners in given format to the AICTE.
- 6) Institute would share the payment receipt to AICTE after purchasing the course(s)/Product(s)/Solution(s) from EdTech Company.
- 7) Institute will nominate a coordinator for this agreement and coordinator will also

take the consent, feedback from end users and same should be shared with AICTE. Institute coordinator will monitor the grievances raised by the students/learners.

- 8) All the terms and condition of MoU signed between AICTE and EdTech company are by default applicable to EdTech Company and Institute.

The company can use their own template including the guidelines and clauses as per the NEAT MoU.

Curriculum Design: Second Party will give valuable inputs to the First Party in teaching / training methodology and suitably customize the curriculum so that the students fit into the industrial scenario meaningfully.

Industrial Training: Industry and Institution interaction will give an insight into the latest developments / requirements of the industries; the Second Party to permit the Faculty and Students of the First Party to involve in its AICTE Evaluated Training/Internship Programs for the First Party, which are available through AICTE-NEAT portal. This association will build confidence and prepare the students to have a smooth transition from academic to working career. Both B2B (contract with university/college) and B2C (students can directly purchase) model are available for opting for internships. Refer Appendix for details.

Research and Development: Both Parties have agreed to carry out the joint research activities in the fields of Software training, Testing, Business Analytics and other software related activities and services.

Skill Development Programs: Second Party to train the students of First Party on the emerging technologies in order to bridge the skill gap and make them industry ready through its AICTE Evaluated Training courses.

Guest Lectures: Second Party to extend the necessary support to deliver guest lecturers to the students of the First Party on the technology trends and in house requirements. Based on specific requests from university and availability of staff, LEPL may depute its personnel as visiting faculty to teach any of the regular Course or specialized topics.

Faculty Development Programs: Second Party to extend the necessary support to online train the Faculties of First Party for imparting industrial exposure as per the industrial requirement. Lagozon would also extend the Internship on Data Analytics to Faculty Members. The count of such members would be discussed and mutually agreed at start of program.

Approvals and Agreements: Prior to initiating engagement towards collaboration on terms specified herein from clauses 2.1 to 2.9., both Parties should first obtain all mandatory internal senior management approvals, consents, permissions, availability, commercial & budgetary approvals, letter of intent and software licenses. For engagements, where commercial fees for services provided by Industry Partner, such as involvement of their Developers /Programmers and Project Managers/ Leaders and IT infrastructure may be required by First Party, such cases would be dealt separately on need basis as per university policies and mutual agreement between both parties. Considering pandemic, all engagements to remain in online mode considering safety of everyone. Changes to off-site mode would happen after considering safety situations and government guidelines.

CLAUSE 3 INTELLECTUAL PROPERTY

3.1 Nothing contained in this MOU shall, by express grant, implication, Estoppels or otherwise, create in either Party any right, title, interest, or license in or to the intellectual property (including but not limited to know-how, inventions, patents, copy rights and designs) of the other Party.

CLAUSE 4 VALIDITY

4.1 This Agreement will be valid for initially **3 years** from signing date of MOU. Any act on the part of **Industry Partner** - Lagozon EduTech, the Second Party after termination of this Agreement by way of communication, correspondence etc., shall not be construed as an extension of this MOU. Both Parties may terminate this MOU upon 30 days' notice in writing. In the event of Termination, both parties have to discharge their obligations.

CLAUSE 5 RELATIONSHIP BETWEEN THE PARTIES

It is expressly agreed that **SRM Institute of Science and Technology**, Delhi-NCR Campus, Ghaziabad **and Lagozon** are acting under this MOU as independent parties, and the relationship established under this MOU shall not be construed as a partnership. Neither Party is authorized to use the other Party's name in any way, to make any representations or create any obligation or liability, expressed or implied, on behalf of the other Party, without the prior written consent of the other Party. Neither Party shall have, nor represent itself as having, any authority under the terms of this MOU to make agreements of any kind in the name of or binding upon the other Party, to pledge the other Party's credit, or to extend credit on behalf of the other Party.

Any divergence or difference derived from the interpretation or application of the MoU shall be resolved by arbitration between the parties as per Arbitration Act, 1996. This undertaking is to be construed in accordance with Indian Law with exclusive jurisdiction in Courts of Faridabad. Haryana.

- During the tenure of the MOU both PARTIES will maintain strict confidentiality and prevent disclosure of all the information and data exchanged under the scope of this MOU for any purpose other than in accordance with this MOU.
- Both PARTIES shall bind their respective personnel who come into possession or knowledge of any confidential information not to disclose the same to third parties without written approval of the disclosing party or use such confidential information for any use other than intended under this agreement.
