16th SEPTEMBER, 2023

THE NEW
BEGINNING

A kaleidoscope of emotions danced in the air as the first-year students of SRM stepped into a new world where academia and exhilaration converge. The air buzzed with anticipation, eyes sparkling with the unwritten chapters of their university saga, unveiled at the iconic SWAGATHAM'23.

As the dawn adorned the sky, a lamp lighting ceremony marked the commencement of new beginnings at SWAGATHAM'23. First-year students, their hearts brimming with hope, were welcomed with a mesmerising mix of traditional and western dances by seniors. Events like "Jab We Walk" infused the atmosphere with Bollywood charisma, while "HushFlix" and "Campus Quest" offered an eclectic blend of entertainment.

A crescendo of excitement reached its peak with the "Mr. and Ms. Fresher" contest, individuals adorned in confidence and quick-wittedness were crowned. As the stars adorned the night, music, the universal solvent of souls, coursed through the veins of the gathering. The DJ's rhythmic symphony swept everyone into a euphoric dance, where academic pressures and worldly worries dissolved.

ALUMNI TALKS

HIMANSH KUMAR
B.TECH CSE 2015-19
SENIOR DEVOPS ENGINEER AT RAFAY

In 2015, my journey at SRM NCR began. Beyond academics, it was a time for pivotal life lessons. The enduring advice, emphasising problemsolving's value, continues to resonate with me, marking those transformative years.

I was encouraged to look beyond my computer screen to understand how the inner workings of hardware respond to codes, and to always keep exploring.

Now, working at Rafay, after a stint at HashedIn, I realise that college taught me to explore and learn constantly. If I could turn back time, I'd tell myself to enjoy every moment and learn as much as possible, because every experience is valuable.
